Full content plan: Oct 13 – Nov 9

Every day:

- **Midday:** 1 carousel. Slides go to TikTok photo mode and Instagram; the -shorts.mp4 goes to YouTube Shorts. Add a sound in each app.
- **6–9 pm:** the video(s) on TikTok, Reels and Shorts, with each app's AI label on.
- **Pinterest:** 1–2 pins. Image files are in the pins folder; the link goes straight to the product.
- **Group posts:** 2× a week. Post the value in full, add a link only where the rules allow.
- **Every evening:** reply to every comment.

Etsy planners only (owner, Oct 12). Every post sends people to the Etsy shop through the Linktree.
Videos: "Story video (ready)" files are in digital-products/out/videos/story. Every problem-first Short has a free slide version ready (sNN-.../sNN-...-shorts.mp4). The Kling story version is optional (video prompt in problem-shorts.pdf, 37.5 credits).
Rules: one problem per post, no income or sales claims, label AI videos, never invent results.
