

ADHD-Friendly College Planner

A low-overwhelm daily and weekly system for students: brain dump first, pick three things, block your time, and catch every due date.

INSIDE

- How to use it
- Semester at a glance
- Weekly reset
- Daily focus page
- Assignment tracker
- Exam prep planner
- Brain dump

Print as many copies as you need for your own use. Tip: print the weekly and daily pages double-sided and keep them in a binder or clipboard.

How to use it

Start with the brain dump

When everything feels urgent, write it all down on the Brain Dump page before you plan. Getting it out of your head makes it easier to choose.

Each week (10 minutes)

1. Fill in classes and due dates on the Weekly Reset.
2. Copy anything due this week from the Assignment Tracker.
3. Pick one main goal for the week.

Each day (5 minutes)

1. Choose your Top 3. If you only finish these, the day counts.
2. Block time for them, with breaks. Short focus blocks work for many people; start with 25 minutes.
3. At night, write one win. Small ones count.

This planner is an organizing tool, not medical advice or treatment.
