

Service Business Weekly Planner

For plumbers, cleaners, landscapers, electricians and every owner who runs on jobs: schedule the week, track leads and quotes, chase invoices and follow up with customers.

INSIDE

- How to use it
- Weekly job schedule
- Lead tracker
- Quote & estimate tracker
- Invoice & payment tracker
- Customer follow-up log
- Week in numbers

Print as many copies as you need for your own use. Tip: print the weekly and daily pages double-sided and keep them in a binder or clipboard.

How to use it

Monday morning

- 1. Fill in the Weekly Job Schedule with crews or yourself and each job's address.
- 2. Check the Quote Tracker and call anyone who has not answered in three days.

Every day

- 1. Every new call or message goes on the Lead Tracker, even if you are too busy. Missed leads are lost money.
- 2. When a job is done, write the invoice on the Invoice & Payment Tracker the same day.

Friday

Fill in the Week in Numbers: leads, quotes, jobs, money in. Over a few weeks you will see what is working.
